

Advice & Tips

 Don't be scared to try something new.

 Don't worry about asking a 'silly' question, the only silly questions are the ones you don't ask.

 Be picky, this is your future – you get a say in where it starts.

 Don't worry about not following the 'tradition' of going to University – go to our “[news](#)” section to read a few blogs about other people who didn't follow the 'traditional' route.

 Apprenticeships have no age limit – don't worry about being 'too old'.

Advice & Tips

-  For our top 5 interview tips, click [here](#).
-  If you would like to hear some advice from one of our Accountancy Trainers, head over to the “news” section and read the blog “[Distinction Interview](#)”.
-  Be ready for the responsibility of being a trusted employee, an apprenticeship is 80% work and during the time in your workplace, you will be treated like an accountable adult.
-  Use EMA resources: we have a fantastic team here at EMA, ready and equipped to support you through this process. Get in touch, ask questions, and let us help!
-  We want to encourage you to read through some Apprentice case studies. Every apprentice has a different experience, but these will give you really great insight into what your apprenticeship could be like.
